4th February 1927

Dear Mr. Bicknell,

Your letter of the 11th January was before my Council at their meeting on Wednesday last. Your proposition concerning the Joint Advisory Committee was favourably received, but my Council are unable to send you their definite decision until after their next meeting on March 2nd, by which time they will have had a report on the matter from their Academic Board and an opportunity of discussing details further with Mrs. Carter.

Yours very truly,

Principal
