Dear Lisbeth,

Thank you very much for your comments on the examination ques . . . have now been referred to the Examination Board and, no doubt, will receive further modification.

Yes, I would very much like to see you when you are down here in March for the Research Conference. I myself will be away from the Department from March 11-14 and we are breaking up for the Easter Holidays from 20 March to 25 April. I hope to be at the Nursing Research Conference in Nottingham, will you be there ?

Yours sincerely

Marion Ferguson  
Director Nursing Studies.
