22nd October, 1926.

Dear Madam,

I am not quite sure of the fee which is due on behalf of the Bedford College students who were working at Salomon's Centre in August and September this year. Three of them were with you for three weeks and only one for 4 weeks. In the case of those who were with you for three weeks is the fee 1 guinea or is there any reduction for the shorter period of training?

Yours truly,

Secretary.
