

17th February 1928.

Dear Miss Dorsey,

I enclose an account received from Miss Rundle for International Students attending lectures at the College of Nursing on "Methods of Teaching" and "History of Nursing". As this list does not quite correspond with that sent to me by you on the 18th January, I would be grateful if you would just let me know whether it is all right. You will notice that no names of Nurse Administrators are included, but I think the reason for that is that we pay an inclusive fee to the College of Nursing for all the work taken by these students.

Yours sincerely,

Secretary.
