

196

29th May 1929.

Dear Miss Lloyd Still,

As you were not able to be present at the Organisation Committee meeting on Friday last, I am sending you an extract from the minutes showing what recommendations and resolutions were made in connection with the proposals for the continuance of the course after the close of the session 1929-30:-

Proposals for Organisation of Courses from 1930.

Some discussion took place as to what steps might be taken to procure a more extensive use of the course by English Nurses. Miss Bowes reported that many more of the College of Nursing students were attending lectures in the current year than in the previous year; that the obstacle to a larger attendance was in most cases a financial one. A proposal was put forward that the British Red Cross might be approached on the question of giving scholarships for English Nurses, candidates to be selected by the College of Nursing; that if such a proposal was acceptable to the College of Nursing, Bedford College might approach Sir Arthur Stanley on the question of scholarships.

Another suggestion put forward was that students taking a six months' course at the College of Nursing should be given opportunities of extending their work by attending lectures at Bedford College. Further discussion took place.

Recommended

that courses for International Students be continued for the session 1930-32 on the same lines as hitherto with such economies on the educational side as are consistent with efficiency.

that the question of continuance after this period be reconsidered in the summer of 1931.

RESOLVED

that Mrs. Reid, with authority to invite what help she requires from other members of the Committee, explore possibilities for economies in the educational courses for the International students and report to the Organisation Committee at the July meeting.

that a committee be constituted to explore the possibilities of co-operation with the College of Nursing on the educational side.

that the personnel of the Committee be:-

The Chairman, ex officio
Professor Edgell
Miss Lloyd Still
Mrs. Reid.

that Miss Lloyd Still be authorised to co-opt other members from the College of Nursing should she deem it advisable."

The Committee were convinced that your counsel would be essential for this Committee and it is greatly hoped that you will be able to spare time to serve. It should not mean a

great deal of work. The next meeting of the Organisation Committee is fixed for Monday, July 1st at 2.30 p.m. when the sub-committee will be asked to make their report.

Yours sincerely,

Secretary.
