7th March 1933.

Dear Mrs. Carter,

I do not think I let you know that when we changed the date of the Presentation of Certificates to June 23rd it made it impossible for Professor Jameson to be present. We then invited Sir George Buchanan, C.B., M.D., Senior Medical Officer, Ministry of Health. I am glad to be able to tell you that he has accepted our invitation to be present and make a speech.

Yours sincerely,

Secretary.
