DEPARTMENT OF PHARMACOLOGY

28th November, 1983.

Dr. Marion Ferguson,
Director of Nursing Studies,
Bedford College,
Regent's Park,
London, NW1 4NS

Dear Dr. Ferguson,

Those Bedford College students who are at present attending here on Monday afternoons will next year (1984-85) be attending the 'Organic Dysfunction' course. This course runs on Mondays, 10 am to 1 pm throughout the academic year.

Apart from the formal written paper, students taking 'Organic Dysfunction' are required to write an extended essay, which must be handed in by the end of the first week of the summer term.

Yours sincerely,

J.H. Botting, Ph.D.
Senior Lecturer in Pharmacology
