2nd June 1936.

Dear Madam,

I enclose a cheque in settlement of the enclosed statement of fees due in respect of lectures attended by International Students at the College of Nursing during the Lent Term 1936. With regard to the lectures taken by Miss Michalska, Bedford College is no longer responsible for this, so I have subtracted 12/-. I am also deferring payment of fees for Tropical Nursing, as I am informed that the course is not yet finished, and that the present account will require some amendment, as not all the students are attending regularly.

Yours truly,

Secretary.

The Secretary,
College of Nursing,

No Cheque has been sent - this letter has not been sent - letter of 4th June supersedes S.H.
