Dear Karen,

Enclosed please find examination scripts S380, two copies of questions, and examiners' marking sheets.

I've talked to Dorothy over the week-end to tell her that I shall be sending the scripts to your Bristol address. It is because we are fading out - if that is the right word - we have set up a scrutinizing committee for Nursing Studies which report to the Departments' Examination Board. You will have been informed of its date: 26 July 1986. It would be nice if you could make it.

Yours

Marion Ferguson
Director Nursing Studies.

Dear Marion,

Just thought I would write to let you know my plans during June. I'm not sure of the date of 16 students' examination, however I will be in England from 15th June - 27th June my address there will be -

29, Averay Rd

Bristol

You can send the papers to Bristol if it fits in better with your time schedule. I was a little concerned that the papers might arrive in Sweden while I was in England. Perhaps you can drop me a note to let me know where you will be receiving the papers.

Kind regards

Konrad
