Miss Larson of Norway*

Miss Olive Monkhouse, Secretary,
Bedford College for Women,
Regent's Park, N.W.1,
ENGLAND.

Dear Miss Monkhouse:

I feel very much honoured by the invitation of the Council of Bedford College, to speak to the students of the Florence Nightingale International Foundation at the Annual Presentation of Certificates in July next.

I appreciate very much this honour that has been shown me by the Council, and I regret that I am unable to accept their invitation. I do not expect to be in London this coming July, as I find it quite impossible to go abroad this summer.

I can only wish that I lived nearer to London, and could avail myself of this very outstanding opportunity.

With sincere appreciation of your letter,

Yours very truly,

Jean G. Gurney

Superintendent of Nurses.
