4th March 1946.

Dear Mrs. Reid,

I am so sorry that the cheque was sent to you a second time in error. It should have gone to the Standing Conference of Representatives of Health Visitors' Training Centres. I hope you will not be bothered again!

How do you like living in the Isle of Wight? I wish you lived nearer so that we could see you sometimes. Here we are struggling on from day to day with masses of students applying for entry. Your late department is very popular.
