

BEDFORD COLLEGE
(UNIVERSITY OF LONDON)

MEMORANDUM

To: Marion Ferguson

From: Jill Sherlock

8.7.85

Library provision for Nursing Studies

This is to confirm the arrangements we agreed on 1st July for making some library provision for your course.

1. All books on nursing studies at 610.73 - 610.79 will be transferred to Bedford Square under your supervision and available for loan. We will provide loan cards.
2. All members of RHBNC can become registered users of the Senate House library on production of proof of attachment to RHBNC.
3. RHBNC will reimburse the staff and students on the Nursing Studies course for any inter-library loans (including theses) obtained through the Senate House. Please obtain a receipt from Senate House for each transaction and send it to the Librarian, Mr. Wintour, who will arrange for you to be reimbursed.
4. Students and staff will be eligible to use RHBNC books left at Regent's Park for Applied Social Studies. Loans will be on terms decided by Regent's College.
5. All reading lists have been checked and annotated. Books falling outside the class numbers 610.73 - 610.79 have been extracted from the shelves and will be sent to Bedford Square with the others under your supervision.
6. Material from Egham may be borrowed on request - a phone call would be sufficient - and will be sent on a van service that will be available.
7. New issues of the periodical 'Sociology of health and illness' will be sent to you on a one week loan from Egham.
