27th November 1931.

Dear Miss Parsons,

I am writing to let you know that at the meeting of the Council held yesterday the question of fees for the special course of ten lectures on "Social Administration" by Mrs. Reid, arranged for the students from the College of Nursing, was considered and the following resolutions were passed:-

"That for the session 1931-32 a special course of ten lectures by Mrs. Reid be arranged for the students of the College of Nursing.

That an inclusive fee of £50 for the course be charged to the College of Nursing, the number of students attending the course to be limited to 40."

I shall be glad to hear whether these proposals are satisfactory to the College of Nursing. We quite understand that you may not wish to continue this course for more than the next year or two.

Yours sincerely,

Secretary.
