

196

2nd November 1926.

Dear Sir,

I am directed to inform you that your letter of October 8th was laid before the Council of Bedford College at their meeting last week, when I was instructed to ask you to convey to the League of Red Cross Societies the appreciation of my Council of the arrangements agreed upon for carrying out the scheme proposed by your Advisory Committee for the development of a course of public health nursing at Bedford College.

I am to say that we hope towards the end of the current month to be in a position to give you details as to how we propose to carry out the scheme and we will communicate with you again when we have more definite information to lay before you.

Yours truly,

Secretary.

The Assistant Director General,  
The League of Red Cross Societies,  
2 Avenue Velasquez,  
Paris.
