Dear Miss M. Knight,

I am sending you the results of the meeting of July 17<sup>th</sup>. The Principal asked me to put them down for her so that they may be sent to the Council for their approval.

The external committee was not present at the meeting so that I am not sure whether the resolutions in regard to the Messes Paddy & Paddy ought not (by right) to be sent to their approval. If the Principal so desires I should see her & explain the matter to her in person and make it clear to her.

I am, yours very truly,

L. A. H. Brinkley
