Dear Miss Monkhouse,

Many thanks for sending me a copy of the report of the Committee for the Organisation of Courses for International Students. I must say I congratulate you on producing such a coherent account as the discussions cannot have been easy to follow.

I have two suggestions to make. The first is should not "present international courses" at the top of Page 3 (B) read "interim period"? The second is that in Section XXXII on Page 3 I would suggest that the last line should read "limited to students of exceptional requirements (or merits) or experience" as after all each individual considers his needs exceptional.

Yours sincerely,
G. S. Parkinson

Miss O. Monkhouse,
