Acting Secretary  
Irene W. Ward.

CS/S

24th January 1983

Dear Miss Ferguson,

I refer to my letter of 25th November and your subsequent letter of 1st December.

My Board has given further consideration to your request, but do not feel that they can vary their previous decision that approval should not be given for the obstetric part of the Nursing Studies course to take place at the Middlesex Hospital.

This decision was forwarded to the General Nursing Council who have indicated their agreement with this decision.

Yours sincerely,

Miss M.Ferguson,  
Director of Nursing Studies,  
Bedford College,  
(University of London),  
Regent's Park,  
London, NW1 4NS.
