LONDON, N.W. 1.

21st June, 1930.

Dear Miss Monkhouse,

I explained to Miss Jebb after the last Meeting of the Advisory Committee that I had handed in my resignation as Secretary to the Education Department of the College of Nursing.

My resignation was accepted by the Establishment & General Purposes Committee but only came before the Council yesterday, so I expect Miss Rundle will be writing to inform you officially within the course of the next few days.

I am particularly sorry to be giving up that part of my work which is connected with the International Students.

Yours sincerely,

S. Bowes.

Education Department
