Dear Sir,

In confirmation of our telephone conversation this
afternoon, we shall be very glad if you can let us have some
account of this afternoon's presentation of certificates to
students who have completed the international courses.

We much regret that it was not possible for us to
be represented at the function, but hope to be able to reserve
space for a report of it in our September issue (the August
issue is earmarked for the official report of the National
Conference on Maternity and Child Welfare, held at Birmingham
last week). We should be glad to receive the account of the
proceedings by the end of this month.

Yours very truly,

For MOTHER AND CHILD
