Dear Professor Wedderburn

NURSING STUDIES

As you may have heard, the Vice Chancellor agreed during the summer to the setting up of a University Working Party, with Professor Le Quesne as Chairman, with the following Terms of Reference:

"To review the provision of Nursing Studies in the University bearing in mind forthcoming Institutional changes".

For your information I am attaching, separately, a list of the membership.

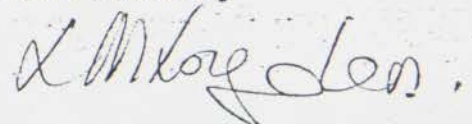

The Working Party has now held its first meeting and has agreed that the next step is to meet on separate occasions with those persons most concerned with the Nursing courses at Bedford and Chelsea Colleges. At the request of the Chairman I am, therefore, writing to say that the Working Party very much hope that it will be possible for them to meet yourself and teachers from Bedford College on the morning of Tuesday 21 December at Senate House. We hope, therefore, you will be able to bring with you such colleagues as you would consider appropriate but as well as naturally including Dr Burton and Mrs Ferguson, the Working Party would like the Bedford teachers to include at least one person responsible for teaching a subject within the basic medical sciences. *Ron Hayward*

participate
It is appreciated that you might well wish to meet with the Working Party by yourself, either before or after the discussions which would include the Bedford teachers. It is suggested that the meeting should start at 9.30 am and it is expected that it would be over by 10.15 - 10.30 but it would be helpful to our timetabling if you could let me know whether you wish to meet the Working Party alone.

I should also be grateful if you could let me have, in time for distribution to members before the meeting, any written information on Nursing Studies at Bedford College which you would wish to provide and also the names of the teachers who would be attending the meeting.

I feel I must apologise for not being able to offer a choice of dates but it has proved extremely difficult to find any times when all members of the Working Party could meet together. I should be grateful if your secretary could confirm as soon as possible that the date is convenient to you.

Yours sincerely
