Write to Mr Parsons -
 that as Dr Halsers report
 that this takes the
 place of the written examination
 substitutes it.

Dear Miss Monkhouse.

In the regard to the International
 Students, I would suggest that their
 report on their progress in 'Principles
 of Teaching' should be based partly
 on their preparation & ^{to give of} demonstration ^{you} of
 lessons which teach should not
 is asked to give during the term
 on the criticisms that the students
 make on these lessons.

Partly from a personal interview
 in which questions will be asked
 on the subject.

Yours sincerely
 Gladys Halsey.
