

PRACTICAL WORK

As is customary in the Michaelmas Term very little individual practical work was arranged.

As a group, 3 visits were made to see housing conditions - 4 hospitals were visited - also the School of Hygiene and the General Nursing Council.

Miss Tornøe and Miss Chen made two visits to Queen Charlotte's Maternity Hospital.

During the Christmas Vacation.

Miss Ellerker, who is working for the Health Visitor's Examination, visited daily for one week at the Paddington Tuberculosis Dispensary.

Miss Tornøe, who it was agreed at the last meeting might substitute practical studies in the Teaching of Midwifery for one of the College Courses, spent a week at the British Hospital for Mothers and Babies at Woolwich.

Miss van Bockhoven, at her own request spent a week observing in a surgical ward at the Radcliffe Infirmary, Oxford. This was specially to see the nursing care of brain operation cases.

Miss Paull, spent a week in the Manchester Royal Infirmary, particularly in the Teaching Department.

Miss Koller, who is interested in doing some special work on the history of Mental Nursing, was, in this connection, able to visit mental hospitals in Holland and Germany, as well as the Gheel Village Colony in Belgium.

5 students visited the University Nursing School in Brussels.
