

119

2nd July, 1920.

Dear Madam,

With reference to that question about which we had an informal conference at Bedford College on 14th May, would you be kind enough to let me have your answer not later than Tuesday morning next July 6th, as in the event of no answer being received until after this date the matter will have to be put off until January.

Yours faithfully,

*Orin*

Secretary.
