Miss Monkhouse,  
Bedford College for Women,  
Regent's Park,  
London N.W.1.

Dear Miss Monkhouse,

I am enclosing the unedited draft part of the new prospectus for 1934/35. You will see I have shortened it very much, and have cut out all propoganda, and limited it to the essential details. I have not sent the outlines of the lectures as these will be the same as the last season, unless I hear from you that changes have been made. The only changes I know of are the lectures in Training School administration by Miss Bowes, but I have not yet had the new outline.

Would you be so kind as to look the draft through and let me know of any changes you wish made. I would be very glad to have it back just as soon as you can possibly manage it as we are most anxious to get it into the printer's hands and distributed.

With my kind regards,

Yours sincerely,

Maynard L. Carter
