

196 ~~18~~

7th May 1928.

Dear Dame Beryl,

The programme for the Summer School for the International Students, which is to be held at Bedford College this summer, includes a few Evening Lectures, one of which is to be given by Dr. René Sand on "Social Service". Can I persuade you to help us by presiding at this lecture which is fixed for the evening of Wednesday, August 1st? It will be very delightful for us if you will associate yourself with the School in this way, and I ~~hope~~ ~~hope~~ that if you are to be in London at the time, you will give this request your very favourable consideration.

Yours sincerely,

Principal.
