

9th February 1933.

Dear Professor Jameson,

I am writing on behalf of the Council of Bedford College to ask whether you will accept an invitation to come to the Presentation of Certificates to the International Students at Bedford College on Friday June 23rd and make a speech on that occasion.

Colonel Parkinson tells me that you have expressed your willingness to come provided you are disengaged on the date chosen, so I trust June 23rd will be convenient to you.

I also learn from Colonel Parkinson that you propose to take as the subject of your speech "The role of the Public Health Nurse and her link in the chain of the whole of our Public Health organisation". If this should be your proposal, May I say that it would be very acceptable to Bedford College.

Yours very truly,

Secretary of Council.
