Dear Madam,

I have your letter of the 22nd inst. Miss Whitehead's fees paid to you by the Nightingale Fund for the year 1925/26 for her work in the International Public Health Course at Bedford College came out of a Scholarship which the Nightingale Fund gave her but, as you say and as Miss Take knows, Miss Whitehead returned us her Scholarship money, in order that we might give a similar Scholarship to another of our trained nurses, so that we can have no possible claim on any Grant you may have received from the Ministry of Health towards her fees and the money should be repaid to her.

Yours faithfully,

*W.H. Bonham Carter*

*I have just paid to your College Miss E.M. Dyson's fees for the Session 1926-27*  
*See Nightingale Fund*  
*Do you not have a claim for her Hostel fees? If so what are they?*
