Dear Miss Monkhouse,

I have had a letter this morning from Dr. Boudreau of the League of Nations in which he expresses his very great regret that he will not be able to be present at the prize giving this summer. In his letter he states that there is nothing he would have liked better than to have come but there are a number of things which prevent him.

I am very sorry for this as I am sure we should all have liked to have a representative of the League with us.

Yours sincerely,

Miss Monkhouse, M.B.E.,
Bedford College,
Regent's Park, N.W.1.
