Dear Miss Monkhouse,

Nightingale School.

I have your letter of the 19th instant setting forth the course of study which Miss Gould proposed to follow which I am very glad to get. I have no doubt she will gain much useful knowledge from the course and I suppose that the College of Nursing contemplates that with this knowledge she will be a valuable instructor to others in future.

I am wondering whether the College of Nursing is hoping that the Nightingale Fund will continue the scholarship annually. If we do that, it means that we shall not be able to give the ordinary scholarship which we have given in the past for the study of Public Health or Hospital Administration.

Yours sincerely,

W H Bonham Carter
