

Marion: I've been waiting to hear from the new Secretary (Mr. Turnbull) whether he could see you on the 24th August about the Insurance. His secretary has just phoned to say that he won't be able to see you then as he is on leave that week and in fact would have to leave it until the end of September.

Meantime, he wants you to know that he is going to take the matter up with various contact he has throughout the country, doing similar courses, to see how they cope with the situation, and will get in touch with you as soon as he has anything to report.

St. Luke's phoned to see if you could let them know the date of the first visit of our students for their psychiatric placement, so that they can arrange their schedule.
