

196

29th May 1929.

Dear Mrs. Reid,

In accordance with the resolution passed at the last meeting of the Organisation Committee I write to inform you that it was agreed that Miss Viney should not be invited to continue her lectures on Public Health to the International Students for the session 1929-30, but that Miss Baggallay should be asked to include in her lectures work taken by Miss Viney and not already covered by Mrs. Halsey's lectures. I am not writing to Miss Baggallay on this matter as I presume such details are arranged by the Director.

Yours sincerely,

Secretary.
