Dear Miss McEwan,

I have made arrangements with the Principal and Mrs. Williams whereby it will be possible to arrange the two separate courses of lectures on (1) Economics and (2) Social Administration to be given here next term to your students on the following conditions:-

- (a) That you write formally to the Principal asking that these special courses may be arranged for next term.
- (b) That the arrangement is entirely without prejudice for next session as there is no time now to consult the College Council.
- (c) That you understand that the question of the fees to be paid for these special courses may have to be revised and possibly increased.

Yours sincerely,

(Signed) HELENA M. REID.

Miss McEwan,
