

BEDFORD COLLEGE
(UNIVERSITY OF LONDON)

MEMORANDUM

To: The Accountant, Bedford College.
From: Marion Ferguson, Director of Nursing Studies.

17.8.83.

Insurance Cover for Nursing Students.

As was pointed out in my memo. of 29.4.83 (copy attached), our students will start their paediatric placement in October 1983, at the Hospitals for Sick Children, Charles West School of Nursing, Great Ormond Street, WC1. and we have been advised by the Senior Tutor there that the question of insurance for our students has been raised again by their service side. They have requested written confirmation of the existence of insurance cover.

I had no reply to the above memo. and since time is now running short, I should be glad if you would, as a matter of urgency, contact the Senior Tutor direct in relation to the matter, and let me have a copy of the reply.

Also Enclosed Cops of memo. from Accountant (30/3/83).
