

284B

22nd February 1939.

Dear Miss Bridges,

I am sorry I have not answered your letter of February 10th about the Health Visitors' Examination. I do not think the question you bring up is a matter for the Council, but only an administrative one. The Examination Board can surely have their examination arrangements as they decide. If however I can help you in any way, please come and see me about it.

Yours sincerely,

Secretary.
