

London County Council.

TECHNICAL EDUCATION BOARD,

13, Spring Gardens, S.W.

May 29th 1896

Dear Madame,

I have to thank you

for your letter of May, 26th with enclosures which shall be laid before my Board.

The Board has never fixed upon any definite qualification for a lecturer on hygiene, but I have no doubt that the certificate of your College given in accordance with the

the conditions suggested would fully
meet the wishes of my Board in the
matter.

Yours faithfully,

Wm - Larned

Miss Lucy J Russell,
Beaford College,
York Place, Mo.
