Dear Mrs. Meerabeau,

Thank you for coming to see me last week, I was very interested in the B.Sc./S.R.N. course and very willing to offer community experience for your students.

Unfortunately I learned on Wednesday that my Community Tutor is to be admitted to hospital for a Hysterectomy at the beginning of September! This means that my community nursing staff will have to undertake some of her teaching commitments. Extra work will be put on all of us, therefore, much as I regret it, I must cancel our arrangement to take two of your students this year and sincerely hope that you find places for them without causing you too much inconvenience. My offer to take students still holds good - but not this year!

Yours sincerely,

Margaret Parrick

Dear Mrs. Meerabeau,

Thank you for your letter of June 2nd.

I was interested to hear of the B.Sc./S.R.N. course to be run at Bedford College, and would very much like to offer any help we can. Would you please telephone my secretary so that we may meet and discuss the students' requirements and the curriculum. My Community Tutor would also like to be included in the meeting. Could you please send us a copy of the curriculum before we meet, then we shall be able to make it a more constructive meeting.

Yours sincerely

Mrs. M. Parrick

2nd June, 1982.

Mrs. M. Parrick,
Divisional Nursing Officer (Community),
Harrow Hospital,
Roxeth Hill,
Harrow.

Dear Mrs. Parrick,

Mrs. Marion Ferguson, Director of Nursing Studies at Bedford College, has asked me to contact you in connection with 'community' experience for students on our undergraduate course in Nursing Studies, leading to a B.Sc./S.R.N.

The first group (7 students) will be required to undertake this experience for two days a week during January-March 1984. Owing to the difficulties of placing students in the Inner London area, we are approaching the outer districts for district nursing and health visiting experience, and we would be very grateful for any help you may be able to offer in placing these students.

I should be pleased to come and see you in order to discuss this in further detail, and I look forward to hearing from you.

Yours sincerely,

E. Meerabeau (Mrs.)
Lecturer in Nursing Studies.
