25th September 1933.

Dear Mrs. Carter,

Thank you for your letter of the 19th September. The date we fixed at our last meeting for the October committee was October 16th, but as October 9th seems to be an equally convenient date, I am altering it to 2.30 on that day to fit in with your plans.

I am glad to hear that the Florence Nightingale plans are going forward.

Yours sincerely,

Secretary.
