

16th March 1928.

Dear Sir Cooper Perry,

The Council of Bedford College jointly with the League of Red Cross Societies are arranging a Summer School for those past students of the College known as the International Group, who have taken the Public Health Course or Nurse Administrators Course at Bedford College.

We are expecting students from all over the world and we have great hopes that the Summer School will mean much to them, both as a means of bringing their professional training up to date and as an opportunity of meeting and exchanging views with members of their profession in all parts of the world. It is the first of such summer schools and we are anxious to make it a great success.

Will you help us by accepting an invitation to open the Summer School on Tuesday afternoon, July 17th? It will be a great pleasure to have you here and I much hope you will consent.

The opening of the Summer School will immediately follow the ceremony of presentation of certificates to students who have successfully completed their course for the current year.

Yours sincerely,

Principal.

Sir Cooper Perry, M.A., M.D., F.R.C.P.,
Seighford,
Mill Road,
West Worthing.
