

20th December 1927.

Dear Miss Baggallay,

Thank you for your letter of the 12th December which was before the Committee at their last meeting when you were unable to attend. The Committee discussed in considerable detail new plans for the arrangement of the practical work of the International Students, and they much hope that when the plans are matured the scheme may be such as to include your services.

Am I at liberty when writing to Dr. Lennane to refer to the fact that you are resigning your work under the Battersea Borough Council or have you not yet sent in your resignation? I would be grateful to have a telephone message about this matter in the morning.

Yours very truly,

Secretary.
