DEPARTMENT OF ANATOMY AND BIOLOGY AS APPLIED TO MEDICINE,  
THE MIDDLESEX HOSPITAL MEDICAL SCHOOL,

PROFESSOR LEWIS WOLPERT, FRS  
PROFESSOR BERNARD WOOD

LONDON W1P 6DP

BAW:pls

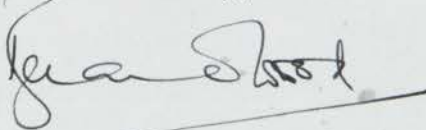

31st January, 1983

Dr. Elizabeth Dean,  
Bedford College,  
Regents Park,  
London.

Dear Dr. Dean,

Thank you for your letter enquiring whether you could bring some nursing students to look at some pathological specimens. These specimens are not kept here in the Anatomy Department but in the Department of Pathology. The person you should write to is Professor Neville Woolf, The Bland Sutton Institute of Pathology, at The Middlesex Hospital Medical School, and I am sure he would be only too happy to help you.

Yours sincerely,

Bernard Wood  
Professor of Anatomy
