Dear Jean,

B.Sc. in Nursing Studies - Examination Papers

In accordance with University regulations, I am enclosing herewith 7 examination scripts, invigilator's register, and Mark sheet; also two black-ruled mark sheets. I understand from Dr. Ivor Burton that he sent you Bedford College's Sociology Sub-Board instructions for marking. Ivor would be grateful if you would return to him the results of your gradings and the scripts. If you wish to discuss anything with me, please don't hesitate to call me.

As regards the examiners' meeting, we don't wish you to feel obliged to make a special journey, knowing how busy you are, and we would be quite happy to confer over the phone instead.

Yours sincerely,

Marion Ferguson.
