Dear Madam,

Now that Miss Beeton is married I do not know to whom to write in reference to the work of the League of Red Cross Societies, but should be glad to be put into touch with someone as soon as possible.

I greatly hope to attend the Presentation of Certificates on Thursday, July 8th., but should very much like to welcome a similar party to the Heritage as that of last year, when we were fortunate enough to combine a visit to the Craft Schools with other things of great interest to the guests.

Miss Beeton organized this party and brought them down by charabanc.

We should be delighted to show all possible hospitality, and I am quite sure that Miss Beeton's distinguished brother-in-law, Surgeon-Commander Murray Levick, R.N. who is our Medical Director, would do his utmost to be present on such an occasion and show them his own departments at work.

Believe me,

Yours truly,

(Signed) G. KIMMINS.
