Dear Mr Reid

I've just had a notice of a
Meeting at Bedford College to discuss
the International students & training
for African work.

I can't quite gather from it whether it
is an invitation to be present at the
Meeting or whether it is just an intimation
that there is to be such a
Meeting! If it is an invitation

I wonder if Miss Rosalyn could
go instead of me or with me? As she
is Sec. to the Abrams' Institute &
the whole matter has been discussed
by the Executive of the Institute I
feel she is now the person to come
if you agree? I am so sorry to
bother you - lots

Yours very sincerely

Cherry Morris -
