Dear Dr Burton,

Thank you for your letter of 9 October and for your suggestion concerning the formation of a representative group (including the inspector) to meet in conference once or twice a year to consider aspects of the Degree in Nursing. This proposal is a happy one with which we would agree. I therefore look forward to hearing from you again in due course when the terms of reference have been defined.

I am sure you will be sorry to learn that Miss Cooper has suffered a coronary infarction and will be away from work indefinitely.

I do hope that the course has got off to a good start and that it will continue to flourish.

Yours sincerely,

P Sayer (Miss)
Acting Education Officer
