Dear Professor Burton

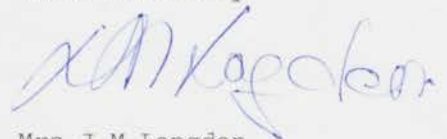

VISITING EXAMINERS IN NURSING STUDIES 1985

At the meeting of the Special Advisory Committee next month we shall be considering the appointment of the Panel of Visiting Examiners for 1985 and I shall be including on the agenda the attached list of the 1984 Panel together with an indication of when these persons first served at the Colleges indicated. As I think you know a Visiting Examiner should not normally serve for more than 3 years at one College, but the SAC have previously considered 4 years to be acceptable in order to provide some continuity over each year of the 4 year degree course.

I am therefore writing to ask that you consider in advance of the meeting whom you would wish to include on the 1985 Panel bearing in mind the desirability of making some changes each year in order to establish a rotation.

It would of course probably assist the discussion if I could include your suggestions in the agenda documents. I rather doubt however whether this will prove possible because of the Easter break as the agenda will be going out not later than 2 May. My apologies for the lateness in making this request. If you will not yourself be attending the meeting could you please either let me have your suggestions or make sure that a member of your department comes armed with the information. Panels must normally be nominated in time for inclusion with the Senate July papers.

Yours sincerely
