Mr. J.W. Carrier  
LONDON SCHOOL OF ECONOMICS

Dear John,

I would be very grateful if, in addition to whatever other bits and pieces you might do for us, you would agree to act as visiting examiner in 1984 for five nursing studies students taking a course-unit in Health Care that is essentially a social policy course focussing on NHS.

No doubt our paths will cross sometime soon and I could then clarify any matters you might have.

With best wishes,

Yours sincerely,
