Dear Miss Dorsey,

The Principal quite agreed that no bouquets should be given at the ceremony of Presentation of Certificates. I find that there is no need to be anxious about Lady Barrett not knowing all about the International Students as the Principal has herself arranged to see Lady Barrett and Mrs. Reid for this particular purpose.

If it is possible to let me have 300 cards for the League of the Empire representatives I would be very glad, but I shall understand if you have not sufficient to give me so many. None of the delegates, not even the French ones, will be present at the Presentation of Certificates as they have another meeting of their own at the same time.

Yours sincerely,

Secretary.
