Dear Miss Ferguson

re: Joint Undergraduate course in Nursing Studies with
SRN Qualifications: Paediatric Module

In response to your letter of 21st February 1983 enquiring about Paediatric experience at the Hospitals for Sick Children for the above group of nurses, I am interested in being able to assist you in providing this. Before I would be in a position to commit this School of Nursing into an agreement I feel that I require more information as to what you would be expecting of us for this group of students.

The best arrangement, I feel, would be to do as you suggest and meet to discuss the problem more fully. Suggested dates that would suit my diary would be Friday morning the 25th March 1983 or Thursday afternoon April 7th 1983. If neither of these dates suit you perhaps you could contact my secretary on extension 162 and we can make arrangements for an alternative date.

Yours sincerely,

Miss S. Barlow
Director of Nurse Education.
