

BSC IN NURSING STUDIES
ACTIVITIES OF DAILY LIVING
Personal Cleansing and Dressing

Questions

- What part do clothes play in self-presentation?
- What is the importance of hygiene measures in therapy?

Activities

1. Discuss with ward staff and patients the provision of hospital clothing and the advantages/disadvantages of patients wearing their own clothes.
2. Examine the special types of clothing and dressing aids available for handicapped people. See if any patients on your ward have dressing problems.
