

Dear Secretary,

21st May, 1982.

Insurance Cover - Nursing Students

Thank you for your note regarding the above. I realise we have to be patient, but I feel that time is running out since our students are going to be on the wards full-time for six weeks as soon as their exams are over, and we are particularly anxious that they should be covered then. So I would be grateful if you would pursue the matter.

I should mention that during the rest of the year, they are at the hospital for 2½ days per week per term.

The Secretary,
Bedford College.

Marion Ferguson.
